ISO STANDARDS UPDATE | 2026

ISO 9001:2026 | ISO 14001:2026

KEY CHANGES • TRANSITION DATES • NEXT STEPS

IN A NUTSHELL Both revisions build on existing systems, with stronger focus on leadership, risks and measurable performance.

ISO 9001:2026

QUALITY MANAGEMENT

- Leadership accountability and quality culture
- Risks, opportunities and business strategy
- Customer satisfaction and performance
- Annex A clarifies requirements

ISO 14001:2026

ENVIRONMENTAL MANAGEMENT

- Environmental risks and changing conditions
- Climate, biodiversity, pollution and resources
- Lifecycle impacts and change management
- Environmental emergency preparedness

TRANSITION MILESTONES

STANDARD	PUBLISHED	INDICATIVE DEADLINE*
ISO 9001:2026	16 Sep 2026	30 Sep 2029
ISO 14001:2026	15 Apr 2026	30 Apr 2029

**Confirm the applicable deadline with your certification body.*

WHAT TO DO NOW

1. GAP ANALYSIS
Compare your current system with the 2026 edition.

2. UPDATE
Revise relevant risks, objectives and controls.

3. TRAIN
Brief leaders and employees on changes.

4. PLAN
Agree transition audit timing with your certifier.

KEY MESSAGE | Focus on closing gaps.
